ATHLETE CHECK IN TO COMPETE

WARM UP / PRACTICE AREA

Warm-up / Practice Area

Foyer Foladelfia is **ONLY AVAILABLE** to athletes competing in the events of the day.

PLEASE NOTE: ONLY 1 COACH per athlete is allowed to enter at 'Check Point 1'
(except for groups, teams and corps).

Use the general
practice
area in Foyer
Foladelfia -
Level 0

Move downstairs
to the warm-up
floor, to
Checkpoint 1,
where Athlete &
Coaches passes
must be shown.

Move on to Warm
Up Area 2 and
Checkpoint 2,
at the entrance to
the competition
floor. See flow
chart.

Only coaches with
athletes on the
floor are allowed
to sit in 'Coaches
Area' located on
the side of
competition floor.

IMPORTANT: Ensure you check in on time, if you are late the competition will not wait and you could miss your set and be unable to perform. Please leave the competition floor quickly once the music has ended. Floor Marshals will direct athletes where to stand ready to take the floor for their performances.

NOTE: PASSPORTS ARE
NOT REQUIRED AT CHECK-IN.

At Registration, your federation representative will be shown where the allocated dressing room for your country is.

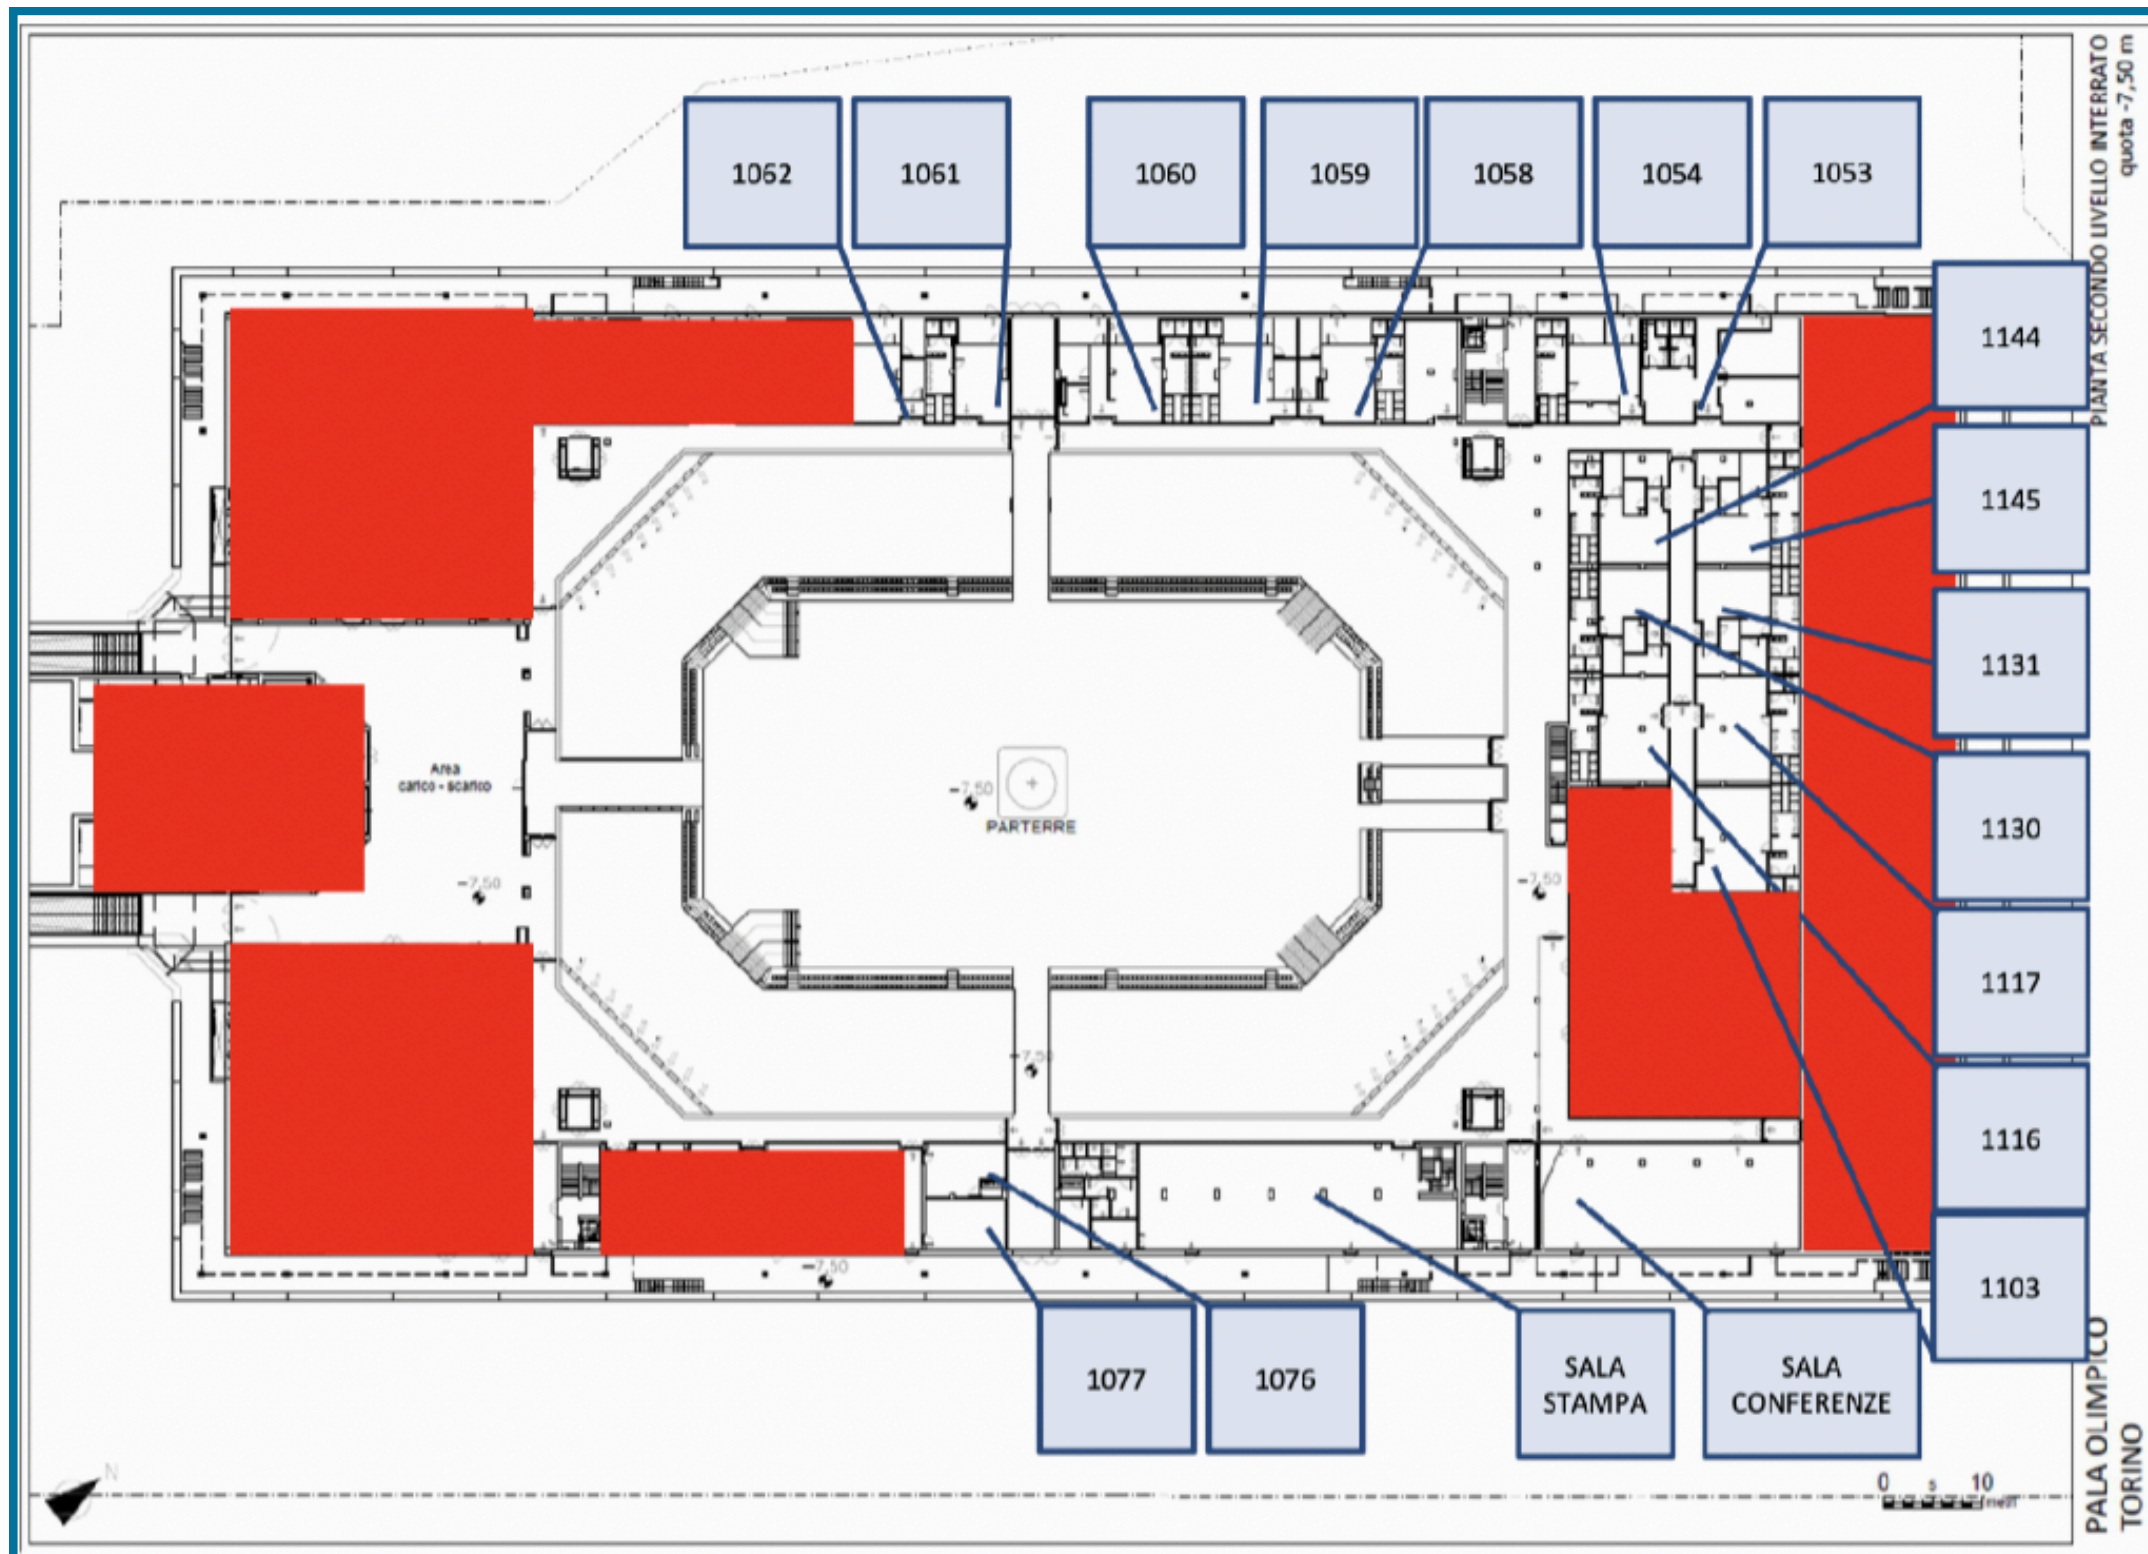

Athletes should not leave anything of value in any of the dressing rooms, as these are not lockable. Some of the changing rooms are not very big.

Several of the hotels are near the arena, and athletes may find it easier to come already dressed and ready for their performance.

TECHNICAL + JUDGING

SCORING AND TABULATION

Scores are not displayed during the competition!

However, IBTF does provide a display of the penalties assessed at the completion of each athlete's performance.

In the Nations Cup: Penalty judges are designated to display the content restriction penalties and the number of drops assessed following each performance.

- A **yellow card with black numbers** will be held up to indicate if any content restriction penalties were taken.
- A **white card with red numbers** will be held up to indicate the number of drops assessed.

NEW THIS YEAR: If the penalty judge flashes a **YELLOW** card for an athlete/pair/team, the judge will write down the content restriction and pass the card to the 'Content Penalty' table. This table is available for coaches to visit within the 30 minute appeals window to understand what the penalty was for. (**Note:** Location of table is TO BE DETERMINED)

SCORING AND TABULATION

In the World Championship: There are content restrictions in **Artistic Group** and on the number of acrobatic moves in Solo, 2Baton, and 3Baton. And in XStrut, there are other penalties in addition to drops. For all other events, the penalty judges are designated to display the number of drops assessed following each performance.

Yellow card with black numbers will be held up to indicate if content restriction penalties were taken.

White card with red numbers will be held up to indicate the number of drops assessed.

Remember

If an athlete completes their routine with no drops, you won't see any card displayed by the penalty judges. Judges' decisions are considered **final**, and their scores cannot be appealed.

THE EXCEPTION IS PENALTIES.

REVIEW AND APPEALS PROCESS

Penalties questioned for being incorrectly assessed (drops and/or content restrictions) may be challenged **ONLY** if an **Official Appeal Form is submitted to the IBTF Technical Executive Chairs within 30 minutes following the review period by your federation's designated official technical advisor, head coach, or country representative.**

- The Request for Review Form may ONLY be submitted by an officially designated delegates.
- **Note:** the results of a division under appeal will not be posted until a review of the appeal has been completed.

Steps for Review and Appeals:

The review involves the IBTF Technical and Judges Chairs watching the official video at the end of the competition day.

The video must clearly prove an error was incorrectly assessed.

The federation will then be notified by email or text of the outcome of the appeal.

The results of the any division that was withheld will then be posted. The posting may not happen until the following morning, depending upon the hour of completion.

APPEALS PROCESS CONTINUED

In order to appeal a penalty, a representative from the affected federation must do so by:

- Completing the official Request to Review Appeal Form (available from the competition office) within the **30-minute review period**.
- The completed form will then be forwarded to the IBTF Technical or Judges Chair who will review the official recording of the performance or will appoint an appropriate and qualified substitute.
- **A fee of 100 USD (or equivalent value in host country's currency) must be submitted with the Official Review/Appeals Form (cash only).** The money is returned to the submitter, should the appeal result in a change of score, otherwise this fee is retained by the IBTF.

It is important to have a strong case for repeal of the penalty before submitting an Appeal. Coaches may not submit claims to have an athlete reviewed that is not their own.

SCORING AND TABULATION

- 1 The official tabulation department will send out a notification to all federation's designated technical representative and leadership to review results of an event prior to public and website posting.
- 2 Your country representative and/or your technical representative are responsible for receiving these notifications.
- 3 This **30-minute time period** is used to review and correct any errors and to allow for the appeals process for challenge of penalties (described previously), if necessary. It rarely happens, but is used as a safe guard to protect against having incorrect results publicly posted.
- 4 Once the time period is completed and potential appeals are managed, the results will be publicly posted on the IBTF Website at **ibtf-batontwirling.org** .
